Tuesday 2nd April
Commemoration of St. Francis of Paola, Hermit.

- He founded the Minim order and they were known as 'Hermits of St. Francis of Assisi'. They lived very simply and didn't have any possessions.
- He was a miracle worker and one of his favourite sayings was 'Out of Love'. This helped people remember that everything we do, we should do it 'Out of Love' for God and each other.

St. Francis of Paola - Pray for us.

Well done to the Year 2

Average attendance so far this year: 97%

Year 4 had a fantastic morning on Tuesday, singing Science-themed songs at the Mousike Ensemble - Science Odyssey at Sacred Heart along with five other schools. As always, the children were a credit to the school, singing and playing instruments beautifully and being polite and courteous at break-time.

Whilst learning new songs and instrument parts for our science-themed, the class learnt lots of new information about science topics including our skeletal system, nutrition and eating well, electricity, minibeasts and where to find them, states of matter (solids, liquids and gas), conversation and the water cycle.
