Dear Mrs Marshall,

Section 48 Monitoring visit: St Gregory's Catholic Primary School

Thank you for the welcome you, the staff and the pupils gave to me when I visited the school on 29th March and for the information you provided for me during the visit.

The school has met the recommendations from the previous section 48 report:

- Provide the staff with further support to enable teachers to deliver an increasing proportion of outstanding lessons.

Recommendations and actions following the visit:

- Ensure that the headteacher's report to governors that currently gives detailed information about provision also provides an evaluation of outcomes for pupils in regard to Catholic Life, Religious Education and Collective Worship.
- Provide staff with greater opportunities to contribute to the self-evaluation of Catholic Life.
- Develop younger pupils' understanding of vocation.
- Focus questioning in Religious Education on AT3.
- Ensure that assessment data is analysed termly (rather than annually in the summer) and that it informs teaching and learning.
- Plan the themes for Collective Worship, include a range of traditional prayers.

God bless.

Yours sincerely

Maureen O'Leary

Senior Adviser for Catholic Education (Section 48 Inspections)
Diocesan Education Service
